

Future Me Event Case Study

Careers Fair for Year 9-13, Wednesday 20th March 2024

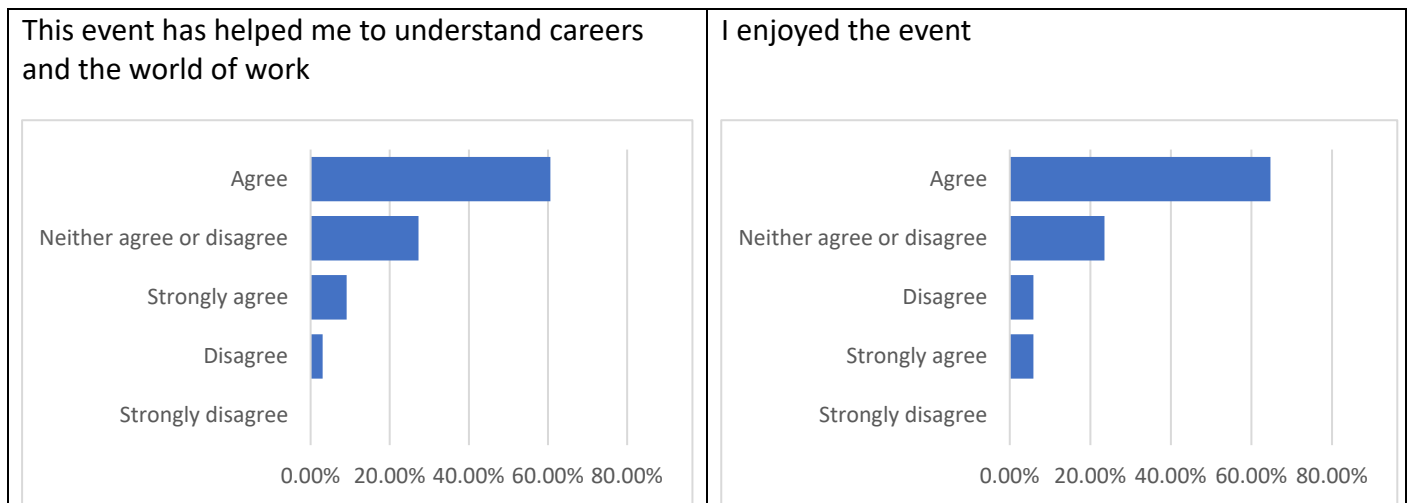

Outline of the Event

The main purpose of the event was to provide students with information and guidance to support them with making effective and appropriate decisions for the future. Our aim, as part of the 'Future Me' programme, is that every student is gains the right knowledge to support their future career choices. The expectation was that students had meaningful encounters with HE, FE & training providers, alongside employers. 30 exhibitors engaged with the students to discuss their future choices.

Gatsby Benchmarks: 1, 3, 5 & 7

Feedback (Students)

What worked well in this encounter?

- 'I have learnt about a variety of different careers.'*
- 'I learnt about different jobs and the qualifications needed.'*
- 'It made me think about what grades I will need to go to university.'*
- 'I really enjoyed it, loads to see and learn.'*

How could this event be even better?

- 'More variety of employers, especially tech industries & engineering.'*
- 'Wish there had been more employers.'*
